
ITFS Library

Posted by darragh - 2008/01/16 12:28

The list of books and magazines available from the ITFS library is available at <http://www.irishfishkeepers.com/cms/content/view/38/76/>

The rules of the library are as follows:

Only ITFS members can take out books

There is a €10.00 refundable deposit on all books payable to the Treasurer

Books can be requested at meetings or by PM or by email (nessa@eircom.net).

They will then be brought to the next meeting for collection

Books must be returned in the same condition as they were lent

The books must be returned within 3 months. Any longer then 3 months by arrangement only

Where is the technical training manual for employees working in the marine indstry called "Collector to Breeder" by you know how.

Although it was written before CD burners existed its stored on the rigid type floppy disks, if the is such thing as a reader for 12 year old technology I could up load it as a article(s)(s).....(s) (70pages) but it not to go into any competition as its not fair plus it's not an article is a manual,

Fair play Nessa. Thats a lot of typing.
You must be fluent in Latin after that.

@ Sean. The chairman must still have Collector to Breeder by S. Connolly.
I will get Nessa to add it to the list.
