A good start. I think we need to pad it out a bit. I'll have a stab at it.

Because you are all bums.:laugh: :laugh:

Its only €15 per year, I don` t think that will break the bank.

The idea of a club is to get members together not people joining just because of the discounts.

Wait a minute you pay for a 12 month membership but you only get a discount for 10 months!

A big slap in the face to anyone who joins up to show support!!!!!!!

Or to someone to ill to travel just something to say they belong well there that goes out the window!

What is your problem.

This only applies to new members. All existing members will recieve their cards at the agm.

The idea to is get real members not virtual ones. You have a problem with everything the club does.

Why have you got to be the fly in the ointment.

Don` t give me the righteous bull story. If you have a serious interest in the club and fishkeeping you will be there for the long haul and not just 1 year. Most people who joined last year from September onwards have been given an amnesty this year and don` t have to pay.

Besides there won` t be a wait for most people. If you come to Februarys meeting and decide to join you will recieve your card in March. There is no wait.No one in any of the clubs gets their cards at the first meeting it is just not possible. Mystic Meg is not a member of the LFKS/ the ITFS or the fewking SAS. Before you open your mouth and put your foot init again please use that lump of grey matter between your ears.

Ever heard the saying " like a stuck record"

Once we have the constitution drafted, it will be discussed and voted on at the AGM. I don't think this is the place to hold a debate.

Ken is right.

Besides the constitution can be vastly ammended. It is onlt proposed. all parts will be fine combed on the night.

There is a personal agenda with you. I will not discuss this or any other subject with you again. Get back on your high horse and ride back to Lala land. Tell the Wizard of Oz I said hi.

Mickey, personal attacks is yet another buzz word on this forum being bandied about. It sounds so drastic? No one is being attacked.... this discussion is important and should be carried out face to face where things are so much easier if it cant be done amicably here.

If I see any more needless discussions about the clubs affairs I will be deleting the thread. Unless they are carried out sensibly by all involved.

Wait a minute you pay for a 12 month membership but you only get a discount for 10 months!

Mickey, from the administration side of things we need to decide (at the AGM) whether to deal with each membership from its initial commencement date or just have all memberships begin in January and end in December of the same year, regardless of when you joined, which will make things easier in the long run. Obviously an amnesty will occur for certain cases.

Quite frankly for the benefits a member will receive, I personally dont see it as a massive issue if they get 10 for the price of 12. The LFKS is a non profit organisation, everything earned is put back into the members! The way I see it we are a generous club with generous members and generous sponsors, we have amazing raffle prizes and our Christmas meeting was like a feast of Viking proportions.

This agro is pointless. It will be discussed by all members on Wednesday. No matter what the outcome the members will decide.
